MILLERSBURG

Regular meeting of Amity Lodge No. 40, F. and A. M., at 7:30 p. m., Tuesday.

Mrs. O. L. Potts and daughter, Miss Lillian Allen Potts, left Saturday for a visit to relatives at Greensburg, Ind.

Mr. and Mrs. F. H. Bowles and little son will leave Saturday for their home at Pueblo, Col., after a several weeks' visit to Mrs. W. M. Miller and family.

NOTICE—Miss Patsey Clarke, of Paris, will meet any pupils desiring to take piano, voice or expression lessons on Saturday afternoon, from 1:00 to 3:00, at the County High School, in Millersburg. (11)

Elder W. J. Slater closed a successful protracted meeting of two weeks at Moorefield, Tuesday night, returning Wednesday. Mrs. Slater was with him during the last week of the meeting.

THE SICK—Mr. S. M. Allen is able to sit up in an invalid's chair, and is now being wheeled about the house. Mr. M. M. Bowles, Mrs. Clara

Shanks, Mrs. Anna Darnell and Mrs. Fannie Norton continue about the same. Mr. J. T. Judy improves slowly.

M. M. I. is to be continued, though on a small scale at present. From present indications, if the plans work out, it will be a greater institution than ever before. Maj. Nelson, son-in-law of Judge T. P. Wadell, a former member of the faculty of M. M. I. under Col. C. M. Best, will take charge of the new institution. There will be but two members of the faculty this year. The school will be conducted in rooms in the annex of the M. C. The drilling will be done in the park. The school will be made up of home boys. Thirty boys have already signed up for the coming year. Many boarding pupils could be secured if they could only get board. But it seems impossible to obtain board for many of them at reasonable prices. The M. M. I. will not die, as has been supposed by many. A stock company will be formed and suitable grounds will be purchased and buildings will be erected especially adapted for the purpose. The company will purchase about twenty-five acres of ground. Buildings will be erected with a boarding capacity of not less than two hundred. Two or more sites are already under consideration. The new M. M. I. will be ready for occupancy by September, 1921. The present school will serve as a connecting link between the past and the future, during which time the stock company will be formed, with sufficient capital behind to build the necessary buildings required, with all modern conveniences and equipments, including waterworks.
